

The Scandinavian-Baltic Society for Parasitology  
<http://www3.hi.is/pub/sbsp/>

For further information on the IV<sup>th</sup> Conference of the  
 Scandinavian-Baltic Society for Parasitology visit:  
<http://www.nhm.uio.no/4conferencesbsp>

**The local arrangement group:**

Tor A. Bakke (chair of conference)  
 Lutz Bachmann  
 Bastian Fromm  
 Christoph Hahn  
 Odd Halvorsen  
 Philip D. Harris  
 Susanna Lybæk  
 Raul Ramirez  
 Ann-Helen Rønning  
 Einar Strømnes

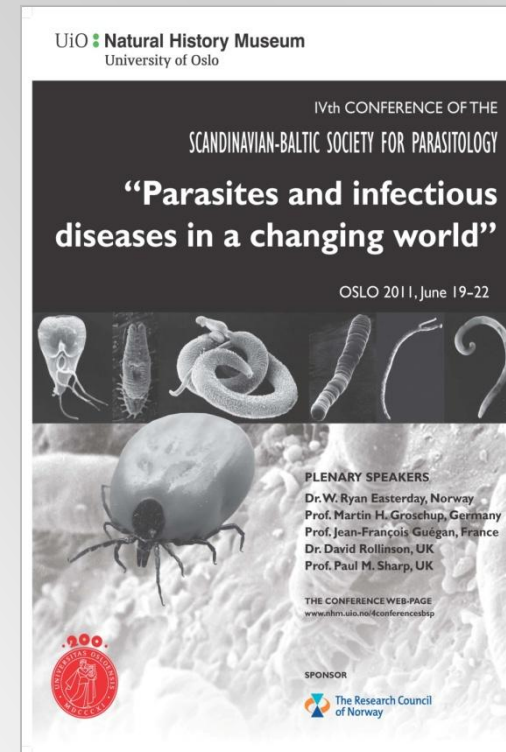

**The Research Council of Norway**

Sponsored workshop:

# *Species discovery amongst parasitic groups*

*free  
 admission*

Monday June 20<sup>st</sup> 2011, 11:15 – 13:15  
 Georg Sverdrups Hus – Auditorium 2

IV<sup>th</sup> Conference of the Scandinavian-Baltic Society  
for Parasitology, Oslo June 19 – 22 2011

”Parasites and infectious diseases in a changing world”

*Species discovery amongst parasitic groups*

Monday June 20<sup>st</sup> 2011, 11:15 – 13:15

Georg Sverdrups Hus – Auditorium 2

The workshop is sponsored by the artsprosjektet (<http://www.artsdatabanken.no/artPage.aspx?m=7>), a program established by the Norwegian government to improve knowledge of Norwegian biodiversity, that is managed by The Norwegian Biodiversity Information Centre (NBIC, [www.artsdatabanken.no](http://www.artsdatabanken.no)). NBIC is a national source of information on biodiversity. The organisation’s main function is to supply the public with updated and accessible information on Norwegian species and ecosystems.

The workshop program:

- 11:15 Matthias Vignon, University of Perpignan, France  
[The use of geometric morphometrics in disentangling sources of shape/size variation in monogenean haptor hard parts - Insights into modularity](#)
- 11:55 Lutz Bachmann, Natural History Museum Oslo  
[Mining natural history collections for gyrodactylid flatworms](#)
- 12:15 Øyvind Hammer, Natural History Museum Oslo  
[Introduction to morphometrics with PAST](#)
- 12:35 Egil Karlsbakk, University of Bergen  
[Species discovery in the Myxosporea](#)
- 12:55 Philip Harris, Natural History Museum Oslo  
[Prospects for parasite species discovery](#)

The workshop is chaired by:

David Gibson, Natural History Museum London, United Kingdom

!!! *Welcome* !!!

*free admission*
